

# Your invitation to the 'Arts on Prescription' Exhibition

'Arts on Prescription' is a participatory arts program which uses the creative arts to promote healthy and active ageing. The exhibition celebrates a collaborative project between UNSW and HammondCare, with funding from the Australian Government. Health is more than the absence of disease, and a new 'wellness' agenda is emerging globally. The event will challenge health care practitioners and artists to consider the role of arts in ageing.

Come and enjoy a lively interview style presentation, original art, band and refreshments.

## To be opened by:

The Hon Susan Ryan AO, former Age and Disability Discrimination Commissioner
